

Credit and debit card
payment processing solutions

Dynamics Payments

Processing life's transactions.

Watch your business grow.

Unlike traditional processors, we focus 100% on improving our customers' payment transactions processing. We understand your business needs and we want you to become our partner.

www.dynamicspayments.com

We provide your business with the tools to connect you, your buyers, and financial institutions to make transaction processing simpler, faster, safer, and more rewarding.

Dynamics Payments is a provider of innovative payment products and services that manage, support and accelerate the processing of funds to merchants, corporations, financial institutions and government agencies.

Being part of one of the largest and most reliable payment processors in the world, Dynamics Payments combines leadership and industry expertise with years of experience in the local market, the United States and the Caribbean. We offer a payment processing system with a special focus on transactional security within an exceptional vanguard network. We are proud of our growth and our history of providing our services to prestigious clients who believe and trust our operational capacity.

Leveraging the powerful experience in commercial payment processing, Dynamics Payments offers benefits and integral solutions such as:

- Credit, debit and prepaid cards transactions processing
- Mobile Payments (NFC)
- Point of Sale (POS) Integration
- E-Commerce and Shopping Carts
- Recurring billing solutions
- Payments processing by "Batch"
- Check Guarantee and ACH Processing
- Call center - Payment solutions over the phone (IVR Payments)
- Loyalty and Rewards Programs (Cardless, Word of Mouth, Social Media)
- Payment solutions for the car rental industry
- Payment solutions for the restaurant industry
- Payment solutions for the hotel industry

2.5 Billion

Our central processors capture over 2.5 billion transactions with credit cards per year.

We provide your company with our powerful network of central processors, high security and high-tech transaction processing programs in the USA and Puerto Rico. Our back-end core processors capture 2.5 billion credit card transactions per year and account for 80% of all USA and Puerto Rico transactions. Our central processors support more than 10 million trade accounts in more than 80 countries worldwide.

In a world where cash is disappearing, your business needs to accept electronic payments. Electronic transactions are evolving rapidly and for the better. Consumers have control. They control when, where and how to buy. The future will only bring more changes. We will help you stay ahead of the curve.

Processing life's transactions.
